"I Have Lost The Receipt"

Thus spoke the man who was asked to settle a bill that he claimed to have paid a month previously He had placed the receipt in his pocket with other papers and now could not find it.

He had paid cash, so could do nothing except pay the bill a second time.

That man learned a lesson from this incident—he now pays all his bills by check. In case of dispute about a paid bill, he can now use his cancelled checks as proof of payment.

Do you pay by check? It is the safe and businesslike way.
